CLASS GUIDE

Skill Building

What Do I Read Next?

Learn to use Goodreads and NoveList to find books and authors, track and review your reading, and find your next great read.

Futuristic Tech of Today

Join us and learn about where tech is headed and about interesting tech that is currently available!

Digital Detox: Brain Teasers

Take a break from screens with crossword puzzles, brain teasers, sudoku and more!

Beginner Podcasting

Learn the basics of podcasting, including microphone setup, recording, editing, production, and audience growth. We'll explore ethical ways AI tools can support podcast creation while keeping your unique voice.

Devices and Apps

Microsoft Word Basics

Learn how to use Microsoft Word effectively and efficiently!

20 Tips for Android

Practice 20 tips every Android owner should know!

iPhone Photography

Learn to capture great photos and videos using your iPhone.

Accessibility Features

Discover accessibility features on your device to customize how you experience technology.

Google Drive Basics

Learn to store and share files in Google Drive. Discover how Drive keeps files safe and secure. Practice using your Drive and learn to keep it organized.

Choosing a Security System

We will be discussing self-monitored home security systems like SimpliSafe, Ring, Abode, Arlo!

Tech Time Travel Escape Room

A glitch in time has trapped your team between the past and future! Solve puzzles, crack codes, and find clues from different eras of tech. Work to restore the timeline before time runs out. **Registration required.**

Online Shopping

New to online shopping or looking to enhance your skills? This class will give you the tools you need to shop safely and efficiently online.

Ancient Tech Petting Zoo

Explore vintage tech! Discover how tech has evolved, and enjoy a look back at old favorites. Suitable for all ages.

Micro Learning Apps

Learn the basics of micro learning and apps to get started.

Canva Basics

Learn to use this free online tool to design graphics, edit photos, and create presentations.

CCPL's eLibrary

Explore our digital collection. Practice using ccpl.org and the Libby and Hoopla apps.

20 Tips for your Phone

Bring your iPhone or Android and practice 20 Tips every smartphone owner should know!

Productivity Software

Learn about productivity software like Google Workspace, Office 365, and iWork (Apple).

Tech Essentials

Working with Windows

Explore the menus, toolbars, and dialog boxes used in Windows and Microsoft Office. Learn to resize windows, open files, and use toolbar options.

Getting Started with Computers

Learn the parts of the computer, the difference between hardware and software, what an operating system is, and how files are stored. Practice using the mouse and keyboard, too!

Using the Mouse and Keyboard

Practice clicking, double-clicking, clicking and dragging, and scrolling with the mouse. Then practice typing and editing text, numbers, and symbols with the keyboard.

Tech Team Help Lab

In-Person Help Sessions

Need help with a device, software, or just have tech questions? Our librarians can help, no appointment needed. Stop by a Tech Team Help Lab!

Tech Team Help Lab: Jobs

Need help with job searching? Get support with resumes, applications, and career resources.

Unlock a world of digital resources with your library card! Visit ccpl.org and click on Research to access our databases.
